# *Our recent COVID-19 Exposure and Closure*

My staff and I would like to thank you all for your patience this week. The library will be reopening Friday, August 27th.

Our safety protocols worked and kept us all safe during our recent COVID-19 exposure. We missed you all and are glad to be back. Just a reminder, masks are required for everyone in the library.

If you are not comfortable coming into the library, we are happy to provide curbside service. Please call the library at (518) 668-2528 if you require assistance.

Thank you for your support!

# *In Loving Memory, Bonnie Colomb*

1938-2021

Bonnie Colomb followed in the footsteps of her mom, Rose Littrell, as a second-generation Trustee of Caldwell-Lake George Library. She loved the library as a child, often curling up in the window seats to read. She continued to cherish and support the library throughout her lifetime. Bonnie was an excellent grant writer, seeking funds to maintain and improve the library building and programs. Her many successes include Ronald McDonald House Charities grant to improve children's story hour with a large television to visualize story books; Glens Falls Foundation, Charles R. Wood Foundation, Lake George Rotary and Southern Adirondack Library Grants, used to improve energy efficiency, update handicapped restroom, improve staff work area,

repair roof, as well as many other library updates. Her impact on our small library was great and her loss is felt by all who knew and loved her. She was a tireless Board member, never failing to step up and volunteer for committees or hands on projects. She was a wonderful asset and is truly missed.

LIBRARY RECAP

## *Shoutout to the Adirondack Theatre Festival; Cinderella Goes Disco was a Hit!*

A great time was had by all at our first annual children's production in Shepard Park. On August 12, the Adirondack Theatre Festival's production of Cinderella Goes Disco was enjoyed by 163 people, right here in our own Shepard Park, on the shores of Lake George. A huge thank you

to the talented young actors and Marty McGuire, Director, for bringing such joy to the Village of Lake George. Fun for all ages they said and they were right!! The library presented each child in attendance with a book to take home. It was the greatest gift, seeing the smiles on the children's faces. Librarians LOVE to see children excited about books! Thank you to all who helped out!! We can't wait to do it again next year!!

## **A WILD IDEA**

**Brad Edmondson**

The Adirondack region of New York's rural North Country forms the nation's largest State Park, with a territory as large as Vermont. Planning experts view the APA as a triumph of sustainability that balances human activity with the preservation of wild ecosystems. The truth isn't as pretty.

## **ROOTED**

**Lyanda Lynn Haupt**

In *Rooted*, cutting-edge science supports a truth that poets, artists, mystics, and earth-based cultures across the world have proclaimed over millennia: life on this planet is radically interconnected. Our bodies, thoughts, minds, and spirits are affected by the whole of nature, and they affect this whole in return. In this time of crisis, how can we best live upon our imperiled, beloved earth?
